(425)486-3777

gallery open during church services and  
by appointment

To many of us, the phrase "speaking in tongues" is strange, even frightening. And yet, artists speak in tongues all the time. As Paul says in his first letter to the Corinthians, "...we speak of these things in words not taught by human wisdom but taught by the Spirit, interpreting spiritual things in spiritual language." Artists describe reality in ways that are distinct from everyday language.

The artwork in "Speaking in Tongues: The Spirit Unleashed" explores the theme of the divine Spirit, the Spirit unleashed in the world, and the gifts bestowed by the Spirit.
